PATEL SMIT PARAGBHAI

Data Analyst

+91-9313588986 smit9313588986@gmail.com linkedin.com/in/smit-patel-348826295

Summary

Data Analyst with a strong foundation in SQL, Python, Excel, and Power BI. Skilled in cleaning, analyzing, and visualizing data to generate insights and support data-driven decision-making. Interested in collaborating on meaningful analytical work in fast-paced environments.

Skills

Programming & Querying: SQL, Python
Data Visualization Tools: MS Excel, Power BI
Analytical Abilities: Data Cleaning, Exploratory Data Analysis (EDA), Insight Generation, Descriptive Statistics

Projects

Customer Churn Prediction Web Application | *Python, Streamlit* **March 2025 – April 2025**

- **Analyzed behavior of 7,043 telecom customers** to identify churn patterns based on tenure, contract type, and monthly charges.
- Performed data preprocessing and feature engineering, including tenure bands and contract-type encoding, to improve model performance.
- Built and evaluated machine learning models for churn prediction, achieving **85% accuracy** on the Telco dataset.
- Developed and deployed an interactive **Streamlit web application** for real-time churn prediction using user inputs.
- Identified key churn drivers (e.g., short tenure, monthly contracts) and enabled actionable insights for customer retention strategies.

Heart Disease Prediction Dashboard | *Power BI* **January 2026 – January 2026**

- **Developed an interactive dashboard** to analyze heart disease risk using patient health data including age, cholesterol, blood pressure, and heart rate.
- Performed data cleaning and transformation using Power Query to ensure accuracy and consistency of healthcare data.
- Designed multiple visualizations (bar charts, KPIs, slicers, and heatmaps) to highlight key risk factors and trends.
- Implemented dynamic filters and drill-down features to enable detailed analysis across different patient groups.
- Provided actionable insights identifying high-risk segments, supporting early detection and decision-making.

Awards & Certifications

- **Getting Started with Microsoft Excel – Coursera (2025):** Learned data organization, basic analysis, formulas, and spreadsheet operations. [Certificate]
- **Data Science Methodologies – IBM (2024):** Covered the complete data science lifecycle including problem formulation, data analysis, model development, and deployment strategies. [Certificate]
- **Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate – Oracle (2025):** Covered AI/ML concepts, model lifecycle, and deployment using Oracle Cloud Infrastructure, with focus on real-world AI applications and cloud-based solutions. [Certificate]

Education

B.Tech in Computer Engineering **2022 – Present**
Silver Oak University , Ahmedabad *CGPA: 9.07 / 10*
